## Harlequin Allegro™

**Harlequin Allegro** was developed to protect against hard sub-floors and is a popular choice as a semi-sprung flooring option. It's the thickest roll-out dance floor available worldwide and provides great protection for dancers due to its point-elasticity and slip-resistant dance surface.

**Harlequin Allegro** is ideal for contemporary, modern, hip hop, jazz and street dance, as well as aerobics and zumba, as it can help to reduce performer fatigue and impact injuries.

**Harlequin Allegro** is a substantial heavy-duty floor. It's specified for permanent installation within dance institutions, dance studios, schools and gymnasiums, although it can also be utilized as a loose-lay option.

## Harlequin Cascade™

**Harlequin Cascade** still delights generations of professional dancers, artistic directors and technical and stage managers as the ultimate heavy-duty dance floor. The silky smooth embossed surface that's often described as giving 'warmth' to a performance, also provides deceptively good grip, as well as a high-quality base for lighting designers.

**Harlequin Cascade** is ideal for ballet, contemporary, modern and theatrical use, as well as aerobics, zumba, hip-hop, jazz, street, salsa, percussive including Irish and tap, multi-purpose use, concerts and for operatic performances.

**Harlequin Cascade** is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theaters and is an excellent choice as the vinyl dance surface in conjunction with a Harlequin sprung floor.

## Harlequin Reversible™

**Harlequin Reversible** is the original double-sided dance and stage floor. It's a lightweight calendared vinyl that rolls out quickly, lays flat and stays flat. It's hard-wearing and slip-resistant on both sides, thus providing two floors in one!

**Harlequin Reversible** is suitable for ballet, contemporary, percussive dance including Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba, concerts, display, exhibitions, television, theaters and for operatic performances.

**Harlequin Reversible** is our most versatile loose-lay floor and is extremely popular among our extensive clientele. It's ideally laid on any hard, smooth surface and is particularly suited to touring due to ease of handling and portability.

## Harlequin Reversible Pro™

**Harlequin Reversible Pro** has the same features of our best selling Harlequin Reversible — hardwearing, lightweight and slip-resistant on both sides. Reversible Pro was developed with a new reinforced mineral fiber interply layer, giving the floor improved tear strength and dimensional stability which allows it to roll out and quickly lie flat!

**Harlequin Reversible Pro** is suitable for ballet, modern, contemporary, percussive dance including Irish and tap, multi-purpose use, hip-hop, jazz, aerobics, zumba, concerts, display, exhibitions, television, theaters and for operatic performances.

**Harlequin Reversible Pro** is ideally laid onto any hard, smooth surface and is preferred by stage technicians and touring companies due to ease of handling and portability.

# Harlequin Fiesta™

**Harlequin Fiesta** was developed because of the need for a floor which looked exactly like wood, but without all the associated problems of cleaning and maintenance. The floor's oak strip performance surface provides the ideal solution.

**Harlequin Fiesta** is suitable for ballroom, salsa, percussive including Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba and for use in theaters and for operatic performances. It is the quick and simple answer in spaces where you need a social floor to accommodate the rigors of ballroom and tap shoes.

**Harlequin Fiesta** is specified for permanent installation, when the joins are welded to provide a continuous surface. It can be laid on any hard, smooth sub-floor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.

**PERMANENT 2m**

# Harlequin Standfast™

**Harlequin Standfast** is a hard-wearing, durable performance floor that's intended for permanent installation into adhesive, when the joins are heat welded to form a continuous performance surface.

**Harlequin Standfast** is suitable for ballet, contemporary, modern, percussive dance including Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba, television, theater and for operatic performances.

**Harlequin Standfast** has a slip-resistant surface and is ideal as a permanent multi-purpose dance or stage flooring for heavy-duty use. It can be laid on any hard, smooth sub-floor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.

**PERMANENT 1.5m**

# Harlequin Studio™

**Harlequin Studio** is produced from a particularly hard-wearing vinyl and its formulation focuses on the demands of dancers. The result is a slip-resistant floor that offers dancers added confidence for demanding choreography and movement.

**Harlequin Studio's** firm but lightweight foam backing provides protection against hard sub-floors and is a great choice when touring. It's ideal for aerobics, zumba, hip-hop, jazz, street, ballet, contemporary and modern dance.

**Harlequin Studio** is designed for dance, studio and stage use and is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theaters. It's also an excellent choice as the vinyl dance surface in conjunction with a Harlequin sprung floor.

**PERMANENT PORTABLE 1.5m**

# Harlequin Studio B®

**Harlequin Studio B** is designed for extra strength, with a firm cushioned foam backing. Studio B protects against hard sub-floors, but is still light enough to be portable for touring. Available in two colors, Studio B offers special embossed surface, which allows ballet and modern dancers freedom of movement.

**Harlequin Studio B** is a special hard-wearing floor covering suitable for dance studio and stage use, but lightweight, making it suitable for touring as well as permanent installation.

**Harlequin Studio B** offers just the right surface for ballet, modern, and other barefoot dancers, and gives them the added confidence for demanding choreography and movement.

**PERMANENT PORTABLE 1.5m**

# Harlequin Marine™

**Harlequin Marine** is extensively installed on cruise liners and conforms to marine standards and fire ratings. It's specified for permanent installation and is suitable for fitting within confined spaces on marine vessels and for scenery docks on cruise ships.

**Harlequin Marine** is also suitable for multi-purpose use, percussive dance including Irish and tap, concerts, television, theater and operatic performances.

**Harlequin Marine** is a hard-wearing, homogeneous PVC dance floor. It's fire resistant, with a slightly marbled surface to resist scuffing and hide marks. It can be laid on any hard, smooth sub-floor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.

Homogeneous PVC with a fire resistant performance surface

**PERMANENT 2m**

# Harlequin FreeStyle™

**Harlequin FreeStyle** was specifically developed to meet the needs of hip-hop and street dancers, who wanted a floor that provided less slip-resistance, enabling them to move freely yet safely at the same time.

**Harlequin FreeStyle** is ideal for hip-hop, jazz and street dance, as well as contemporary and modern dance, plus aerobics and zumba.

**Harlequin FreeStyle** is suitable for permanent and portable use within dance institutions, dance studios, halls, schools, colleges and gymnasiums.

Slip-resistant dance surface  
PVC support layer  
Closed cell foam backing

**PERMANENT PORTABLE 1.5m**

## Permanent or Portable?

- A permanent vinyl floor is glued down with adhesive and can't be removed without risking damage to the floor.
- A semi-permanent (portable) vinyl floor is loose-laid using double-sided tape and then welded at the seams. The seams can later be cut and the floor taken up.
- A loose-lay (portable) vinyl floor is rolled out and the seams are either covered with tape or temporarily secured to the sub-floor on the underside with double-sided tape.

Specification Guide	Permanent or Portable	Roll Width (m)	Roll Lengths (m)	Thickness (mm)	Weight (lbs/yd <sup>2</sup> )	Standard Colors	Fire Rating
