Since opening night in Dublin seventeen years ago, Riverdance has been packing theatres around the world. With over 10,000 performances and 22 million people having watched the show, **Harlequin Cascade™** has been consistent throughout. Riverdance explains why they chose Harlequin Cascade for their performances:

“Well over 1,000 dancers, musicians and singers have performed their magic on those Riverdance stages, safe in the knowledge that Harlequin Cascade works as well and as consistently as they do!... Harlequin Cascade allows all our performers to deliver exhilarating performances in complete safety.”
