"We at Keshet Dance and Center for the Arts can't imagine a better floor on which to pursue our mission 'to inspire and unite community by fostering unlimited possibilities through dance, mentorship and a creative space for the arts!' Whether training, performing, or celebrating, our **Harlequin Liberty™** Sprung Floor with a **Harlequin Reversible™** vinyl surface is where we gather to dance and dream; uniting community and generating ideas and innovation through the unique power of dance. Our **Harlequin Floors** not only host Keshet's home season of contemporary work, but they are the foundation of a welcoming space for visiting guest artists and companies from around the world to share a wide range of experiences with our New Mexico community. We love our **Harlequin Floors!**"
