The Glorya Kaufman School of Dance at the University of Southern California is more than just a dance department. It is an entire school dedicated to dance theory, practice and research. Located in the heart of Los Angeles, USC Kaufman combines artistic preeminence with industry access at one of the nation's top research universities. USC Kaufman students learn to move fluidly between dance styles in this hub of education.

From ballet to hip hop, USC Kaufman's hybrid dance artists embody a newly-imagined approach to dance. They need floors as flexible as they are. Whether in the studio, on stage or on campus, **Harlequin Liberty®** portable panels and **Harlequin WoodSpring®** permanent floors will give them that flexibility and protection.
