

“The expert advice and professionalism we received from **Harlequin Floors** was exactly what we needed...”

THE SPACE featuring Harlequin Reversible Pro with Autumn Miller, star of the YouTube web series Autie's Freestyle Friday.

THE SPACE is not your typical dance studio. It is a non-competitive creative space created by Cory and Krista Miller to train, develop, empower and advance young artists and professionals. Located just south of Los Angeles, the Think Miller Group founded their home as a space to offer dance training, technique classes, workshops, improvisation, acting, photography, production & media training.

“It was very important for us to make sure the flooring system was right for our creative space. **Harlequin Reversible Pro™** had the versatility and durability to handle the types of diverse programs and classes we would be offering. The multipurpose, slip-resistant, hardwearing floor is a perfect fit for our unique SPACE.”
