

“Dancing on **Harlequin Floors** makes students feel safe and confident.”

“Koltun Ballet Boston offers dance programs in the Greater Boston Area dedicated to talented young people. Our high-caliber professional training provides students with a rich knowledge of classical technique and the ability to adapt to all styles of dance in a very competitive field!

“We want our students to accomplish their goals while feeling safe and confident on the floors, which is why we chose **Harlequin Studio™** vinyl flooring. Harlequin’s high-quality flooring delivers a fantastic grip that helps Koltun Ballet Boston dancers sustain better turnout and pointe work. We are so impressed by **Harlequin Floors** that we have installed their flooring in each of our state-of-the-art studios.”
