

"I love my **Harlequin** floors."

"I have used **Harlequin Floors** since I opened my studio in 2014. Harlequin Floors provide the right mix of safety and beauty that is perfect for dancers and my photography. I just completed a total renovation of my studio - installing white **Harlequin Cascade™** flooring in a seamless white studio. The first dancers in that studio say it's like dancing on a dream! It's perfect for ballerinas and the photographic results are wonderful!"
