Harlequin Reversible Pro has the same features as our best-selling Harlequin Reversible - hardwearing, lightweight, and slip-resistant on both sides. Reversible Pro was developed with a new reinforced mineral fiber interply layer, giving the floor improved tear strength and dimensional stability which allows it to roll out and quickly lie flat!

Utilization: Harlequin Reversible Pro suits ballet, modern, contemporary, Irish and tap dance, multipurpose applications, hip-hop, jazz, aerobics, Zumba, concerts, displays, exhibitions, television, theaters, and opera performances.

Installation: Harlequin Reversible Pro is easily placed on any smooth, hard surface and is favored by stage technicians and touring companies for its handling ease and portability.
