

Harlequin Marine™

Harlequin Marine™ meets rigorous marine standards and fire ratings, making it a popular choice for cruise liners. It's designed for permanent installation and fits well in tight spaces on marine vessels and in scenery docks on cruise ships.

Utilization: Harlequin Marine is suitable for Irish and tap, concerts, TV, theater, and opera performances.

Installation: As a hard-wearing and durable PVC dance floor, Harlequin Marine is fire-resistant and features a marbled surface to resist scuffs and marks. It's suitable for placement on a smooth, hard sub-floor and pairs excellently with a Harlequin sprung floor as the vinyl performance surface.

PERMANENT 2m

Harlequin Fiesta™

Harlequin Fiesta™ was created to replicate the look of wood without the cleaning and maintenance issues. Its oak-strip performance surface offers the perfect solution.

Utilization: Harlequin Fiesta suits ballroom, salsa, Irish and tap dance, multipurpose spaces, hip-hop, jazz, street, aerobics, Zumba, theaters, and operatic performances. It's a convenient choice for social floors that endure ballroom and tap shoes.

Installation: Harlequin Fiesta can be made for permanent installation with welded joints or portable loose-lay. It is suitable for smooth, hard sub-floors, and an excellent vinyl performance surface for Harlequin sprung floors.

Vinyl Performance Floors

Permanent or Portable?

- Permanent vinyl floors are glued down with adhesive and cannot be removed without risking damage to the floor.
- Portable vinyl floors may be installed as semi-permanent or loose-lay. Semi-permanent is laid using double-sided tape and then welded at the seams, which can later be cut and the floor taken up. Loose-lay is rolled out and the seams covered with tape, or temporarily secured to the sub-floor on the underside with double-sided tape.

Harlequin Allegro™

Harlequin Allegro™ is a substantial heavy-duty floor; specified for permanent installation within dance institutions, dance studios, schools and gymnasiums. It is also a popular choice when a sprung floor is not an option due to space limitations or budget constraints.

Utilization: Harlequin Allegro is ideal for contemporary, modern, hip-hop, jazz, street dance, aerobics, and Zumba, reducing performer fatigue and impact injuries.

Installation: Harlequin Allegro is a substantial, heavy-duty floor designed for permanent installation in dance institutions, studios, schools, and gyms.

Harlequin Cascade™

Harlequin Cascade™ still delights generations of professional dancers, artistic directors, and technical and stage managers as the ultimate heavy-duty dance floor. The silky smooth embossed surface that's often described as giving 'warmth' to a performance, also provides a deceptively good grip, as well as a high-quality base for lighting designers.

Utilization: Harlequin Cascade is perfect for ballet, contemporary, modern, theater, aerobics, Zumba, hip-hop, jazz, street, salsa, Irish and tap dance, multipurpose applications, concerts, and operatic shows.

Installation: Harlequin Cascade is designed for loose-lay or permanent use in dance institutions, studios, schools, and theaters, making it an excellent choice as a vinyl dance surface alongside a Harlequin sprung floor.

Harlequin FreeStyle™

Harlequin FreeStyle™ was created for hip-hop and street dancers, offering lower slip resistance for freedom of movement while maintaining safety.

Utilization: Harlequin FreeStyle is perfect for hip-hop, jazz, street dance, contemporary, modern dance, aerobics, and Zumba.

Installation: Harlequin FreeStyle works for both permanent and portable installations in dance institutions, studios, schools, colleges, and gyms.

Harlequin Standfast™

Harlequin Standfast™ is a hard-wearing, durable performance floor that's intended for permanent installation into adhesive when the joints are heat welded to form a continuous performance surface.

Utilization: Harlequin Standfast suits ballet, contemporary, modern, Irish and tap dance, multipurpose settings, hip-hop, jazz, street dance, aerobics, Zumba, television, theater, and opera performances.

Installation: With a slip-resistant surface, Harlequin Standfast is an ideal permanent multi-purpose dance and stage floor for heavy-duty use. It can be placed on any smooth, hard sub-floor and is an excellent vinyl performance surface to pair with a Harlequin sprung floor.

Harlequin Reversible™

Harlequin Reversible™ is the original double-sided dance and stage floor. It's a lightweight calendared vinyl that rolls out quickly, lays flat, and stays flat. It's hard-wearing and slip-resistant on both sides, thus providing two floors in one!

Utilization: Harlequin Reversible is ideal for ballet, contemporary, Irish and tap dance, multipurpose settings, hip-hop, jazz, street dance, aerobics, Zumba, concerts, displays, exhibitions, television, theaters, and operatic purposes.

Installation: Our highly versatile loose-lay floor is a favorite among our extensive clientele. It can be easily placed on any smooth surface and is ideal for touring because of its portability. It's also an excellent option as the vinyl performance surface with a Harlequin sprung floor.

Harlequin Reversible Pro™

Harlequin Reversible Pro™ has the same features as our best-selling Harlequin Reversible - hardwearing, lightweight, and slip-resistant on both sides. Reversible Pro was developed with a new reinforced mineral fiber interply layer, giving the floor improved tear strength and dimensional stability which allows it to roll out and quickly lie flat!

Utilization: Harlequin Reversible Pro suits ballet, modern, contemporary, Irish and tap dance, multipurpose applications, hip-hop, jazz, aerobics, Zumba, concerts, displays, exhibitions, television, theaters, and opera performances.

Installation: Harlequin Reversible Pro is easily placed on any smooth, hard surface and is favored by stage technicians and touring companies for its handling ease and portability.

Harlequin Studio™

Harlequin Studio™ is produced from a particularly hard-wearing vinyl and its formulation focuses on the demands of dancers. The result is a slip-resistant floor that offers dancers added confidence for demanding choreography and movement.

Utilization: Harlequin Studio's firm yet lightweight foam backing offers protection against hard sub-floors, making it a top pick for touring. It's suitable for aerobics, Zumba, hip-hop, jazz, street, ballet, contemporary, and modern dance.

Installation: Designed for dance, studio, and stage applications, Harlequin Studio is suitable for loose-lay or permanent installation in dance institutions, studios, schools, and theaters. It's also a superb vinyl dance surface when used with a Harlequin sprung floor.

Harlequin Studio B®

Harlequin Studio B® designed for extra strength, features a firm cushioned foam backing that protects against hard sub-floors. It comes in two colors and boasts a special embossed surface that allows ballet and modern dancers freedom of movement.

Utilization: Harlequin Studio B is an ideal choice for touring and is suitable for ballet, modern, and barefoot dancers, boosting their confidence during challenging choreography and movement.

Installation: Harlequin Studio B is a durable floor covering for dance studios and stages, offering both portable and permanent installation options due to its lightweight design.
