

“This world-class event deserves world-class staging.”

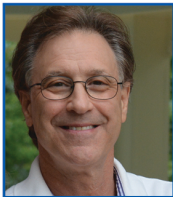

“**Harlequin Floors** has been an integral visual partner for our company, EventWorks4D for many years. As the producer and A/V integrator of the Pro Football Hall of Fame Festival, Gold Jacket Presentation, we have utilized **Harlequin Hi-Shine™** to enhance the staging for this prestigious professional football event.

With national media coverage, and a large in-person audience, the Gold Jacket Presentation honors the careers and accomplishments of an elite group of professional football players who have excelled throughout their careers.

When each inductee walks onto the **Hi-Shine** floor to receive the Gold Jacket, they are reminded that this honor is a symbol of their stellar achievements. From that moment, they are officially recognized as the best of the best in their sport.

EventWorks4D takes great pride in providing a dynamic and unique experience for each Hall of Fame inductee as well as the 4,500 guests who are in attendance. This world-class event deserves world-class staging and **Harlequin Floors** affords our company and our client unsurpassed quality in stage functionality and style.”
